One block, Rosedale to King-Edward: detached rear garages of 1954 (sheet 789-14) seen in the LiDAR as 2.5–3.5 m boxes; aprons and a parked car on the optical image

- Garage as built and a driveway or apron today
- Garage as built, no driveway or apron visible today
- No garage as built, driveway or parking pad today
- Neither
- Corner building addressed on the cross street
- Church, presbytery, vacant lot, not checked, or sheet missing
- Car-sized object detected in the LiDAR (0.9–2.3 m), flown at night
- Side where the lane would become parking each winter (the proposal, as the councillor described it)
