The three sources along the whole street, aligned in the street frame (north above; west half, then east half)

- Garage as built and a driveway or apron today
- Garage as built, no driveway or apron visible today
- No garage as built, driveway or parking pad today
- Neither
- Corner building addressed on the cross street
- Church, presbytery, vacant lot, not checked, or sheet missing
- Car-sized object detected in the LiDAR (0.9–2.3 m), flown at night
- Side where the lane would become parking each winter (the proposal, as the councillor described it)
