Buildings fronting rue de Terrebonne: off-street parking as built (1954–55), on today's parcels

Base: Ville de Montréal open data, CC-BY 4.0 (géobase street centrelines; unités d'évaluation foncière parcels), drawn in a frame straightened along rue de Terrebonne; north side above, south side below. Markers: the author's reading of the 1954-55 Underwriters' Survey Bureau plans, one per building (buildings_geo.csv). West (Belmore) at left, east (Girouard) at right.

- Garage as built, door on Terrebonne
- Garage as built, door on the cross street or a lane
- No garage as built
- Corner building addressed on the cross street (garage: ring)
- Church, presbytery, vacant lot, or sheet missing
- Side where the lane would become parking each winter (the proposal, as the councillor described it)
