One block, Hingston to Hampton: aprons and parked cars (optical), the same cars and the garages as 0.5–3.5 m objects (LiDAR), the « Autos Bast » marks of 1954 (sheet 787-5 north, 787-7 south)

- Garage as built and a driveway or apron today
- Garage as built, no driveway or apron visible today
- No garage as built, driveway or parking pad today
- Neither
- Corner building addressed on the cross street
- Church, presbytery, vacant lot, not checked, or sheet missing
- Car-sized object detected in the LiDAR (0.9–2.3 m), flown at night
- Side where the lane would become parking each winter (the proposal, as the councillor described it)
