Buildings fronting rue de Terrebonne: off-street parking as built, on the 1954–55 fire-insurance plans

Underlay: Underwriters' Survey Bureau, Insurance plan of the city of Montreal, vol. 7, sheets 739, 775, 784, 785, 787, 789, 798 (Nov. 1954–Dec. 1955), georeferenced on the City's geobase and straightened along the street; north side above, south side below; sheet 787-8 (Hampton–Melrose, south) is missing from the series. Markers: the author's reading of each building (buildings_geo.csv), positioned on the City's assessment-roll parcels (CC-BY 4.0). West (Belmore) at left, east (Girouard) at right.

- Garage as built, door on Terrebonne
- Garage as built, door on the cross street or a lane
- No garage as built
- Corner building addressed on the cross street (garage: ring)
- Church, presbytery, vacant lot, or sheet missing
- Side where the lane would become parking each winter (the proposal, as the councillor described it)
